## ▼ Receiving and replying to messages\*

SMS (Short Message Service) messages received by the connected Bluetooth® device can be downloaded, displayed on the center display, and read out in artificial voice. In addition, preset replies can also be made to calls and messages in the received messages.

### Downloading messages

You can download up to 50 recent messages from a connected Bluetooth® device and display them.

---

## Automatic downloading

When the Message Sync setting is turned on, messages are automatically downloaded when the Bluetooth® device is connected.

## Manually downloading

If the Message Sync setting is turned off, messages can be downloaded using the following procedure.

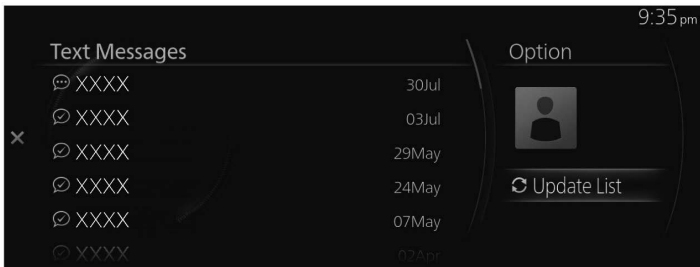

1. Select “Communication” on the home screen.

2. Select “Text Messages”.

3. When “Update List” is selected, the messages are downloaded from your Bluetooth® device.

---

## iPhone®

Do the following operation while connected after pairing is completed.

1. **(iPhone® operation)**  
Select the Settings menu → Bluetooth → Device “Mazda”.
2. **(iPhone® operation)**  
Turn on the Display notifications item.
3. **(Operation on this unit)**  
Turn off Bluetooth®.

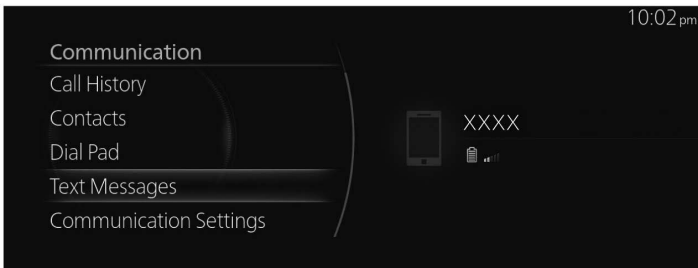

#### 4. (Operation on this unit)

Turn on Bluetooth® again and wait until an iPhone® connects automatically again.

#### 5. (Operation on this unit)

After connecting the iPhone®, it can be used if “Text Messages” can be selected.

### Receiving messages

When the Text Message Notifications setting is on and your Bluetooth® device receives a message, the message notification is displayed.

When “Read” is selected, messages are displayed.

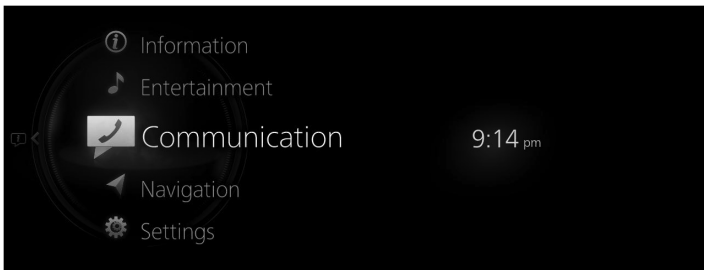

The following menu is displayed on the message details screen. The displayed menu differs depending on the use conditions.

Menu	Explanation
Play	Reads out the currently displayed message.

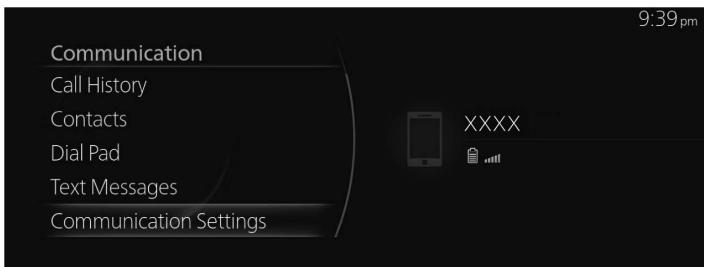

Menu	Explanation
Pause	Pauses the read out of a received message.
Previous	Displays the previous message.
Next	Displays the next message.
Reply	Only replies to the sender of the currently displayed message. Select the sentence on the displayed reply screen and select the sentence for sending from the preset message.
Call	Makes a call to the sender of the currently displayed message. If a phone number of a person who sent a message is unknown, a call cannot be made.

## Editing preset messages

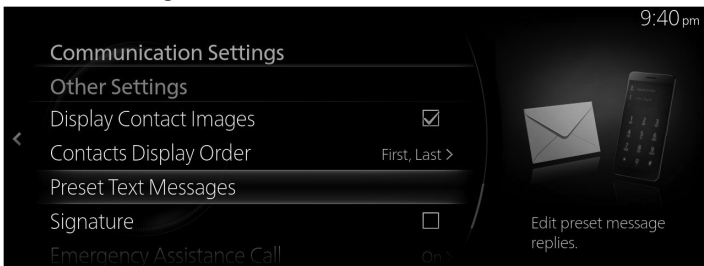

1. Select “Communication” on the home screen.

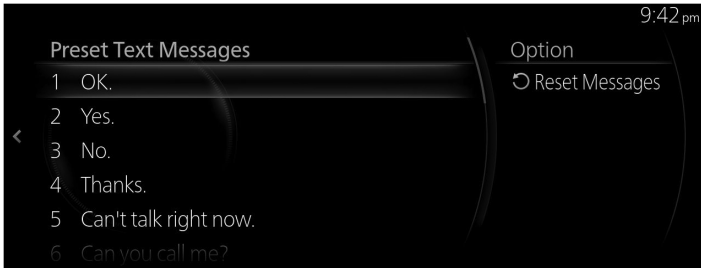

2. Select “Communication Settings”.

3. Select “Preset Text Messages”.

- 
4. Select the preset message you want to edit from the preset message list.

5. When inputting the message you want to change and selecting ✓, the message is stored as a preset message.
